

RED SHIELD™ **SEALEY Power PRODUCTS** **RECHARGEABLE 9.5V LITHIUM-ION BACK-UP POWER SUPPLY Model No: SWS07**

INSTALLATION AND OPERATING INSTRUCTIONS

For Wireless Security Starter Kit (SWSKIT)

These instructions should be kept in a safe place for future reference

1: Kit Content:

- 1x Backup Power Supply
- 1x AC adapter
- 1 x instruction manual

2: Immediately After Purchase

Using the adaptor provided charge the unit until the LED light is ON.

If the unit is not being used it should be recharged at least every three months.

Do not expose to extreme heat.

Do not drop and do not expose to rain or moisture.

3: Introduction

The Backup Power Supply with AC adapter provides emergency power backup to the main panel of the Wireless Home Protection system.

The LED light will flash during recharging of the Lithium-ion battery.

The LED light will stay on, once battery is full.

4: Installation

CAUTION! The Lithium-ion battery in the Backup Power Supply is for power back-up purposes only, and the unit should be supplied with mains power (through the AC adaptor) at all times.

First determine the location of the Backup Power Supply.

Note:

- Make sure it is hidden and connect to the main panel (e.g. under the desk, carpet etc).
- Make sure there is power supply for the AC adapter.
- The Backup Power Supply should not be placed near high temperature sources (e.g. oven, fire, stoves etc.).

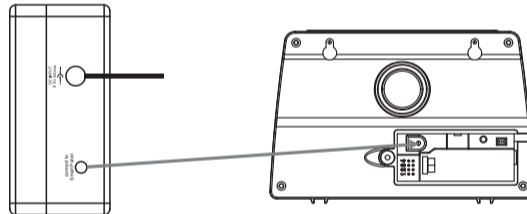

A: Installation of Backup Power Supply

- Place the backup power supply in a hidden place.
- Place the backup power supply close to a power source so the AC adapter can be easily used.
- Remove the back cover of the main panel; connect the backup power supply with the main panel by plugging the cable on the backup power supply into the jack of the main panel.
- Fix and screw the back cover of the main panel after plugging in the jack.

. 1 .

- Plug the AC socket to the power source.

Note: The LED on the Backup Power Supply will flash when AC socket is plugged into the power source.

B: Installation of AC Adapter

There is a jack on the side of the Backup Power Supply, plug the AC adapter into the jack and connect the AC adaptor to the power source.

5: Maintenance

The product may be cleaned with a soft damp cloth and then wiped dry. Do not use abrasive solvent based or aerosol cleaner as it may damage and/or discolour the product. Do not allow water to enter or attempt to clean inside the unit.

6: Battery

There is 1 Lithium-ion rechargeable battery inside the Backup Power Supply. DO NOT attempt to open the casing. DO NOT place the Backup Power Supply close to any heat source as misplacement may cause exposure of the battery.

DO NOT dispose the battery with your normal household waste, DO NOT burn and keep away from fire.

7: Product Specification:

Main Power: AC adapter (included)

Battery Run Time: 80hours (standby mode) Voltage: 9.5V DC

WARNING: Security system devices cannot compensate for loss of life or property. Our company is not responsible for any loss or intrusion.

Environmental Protection:
Recycle unwanted materials instead of disposing of them as waste. All tools, accessories and packaging should be sorted, taken to a recycle centre and disposed of in a manner which is compatible with the environment.

WEEE Regulations:
Dispose of this product at the end of its working life in compliance with the EU Directive on Waste Electrical and Electronic Equipment. When the product is no longer required, it must be disposed of in an environmentally protective way. Contact your local solid waste authority for recycling information.

Remove batteries from units when they are exhausted.

Under the Waste Batteries and Accumulators Regulations 2009, Jack Sealey Ltd are required to inform potential purchasers of products containing batteries (as defined within these regulations), that they are registered with Vapa's registered compliance scheme. Jack Sealey Ltd's Batteries Producer Registration Number (BPRN) is BPRN00705.

NOTE: It is our policy to continually improve products and as such we reserve the right to alter data, specifications and component parts without prior notice. IMPORTANT: No liability is accepted for abnormal use of this product. WARRANTY: Guarantee is 12 months from purchase date, proof of which will be required for any claim. INFORMATION: For a copy of our latest catalogue and promotions call us on 01284 757500 and leave your full name and address, including postcode.
